

## Honeywell

Sensing and Control

**Honeywell High Sensitivity Bipolar Latching, Hall Effect Digital Sensor ( SS361TC/SS461C )**

### HIGH SENSITIVITY HALL EFFECT DIGITAL SENSOR

#### Features and Benefits

- High Sensitivity Bipolar Latching, Hall Effect Digital Sensor ICs ( SS361CT/ SS461C )
- Operate by Magnetic Field from a permanent magnet or an electromagnet
- Respond to either alternating North and South Pole
- Stable output from -40 to 125 degrees Celsius
- Potential Applications: Speed and RPM Sensing, Motor and Fan

## SANYO DENKI

### HIGH AIR FLOW , LOW POWER CONSUMPTION FAN

**SanAce 80 GA Type Fan( 80 x 80 x20mm) Fan**

#### Features and Benefits

- 29% energy savings compared to standard SD equivalent product
- 1.6x static pressure and 2.4X airflow compared to standard SD equivalent product
- Ideal for server , power supply, storage, communication equipment and liquid crystal display protection

### FCI MICRO HDMI CONNECTOR

**FCI Micro HDMI Connectors**

#### Features and Benefits

- 19-pin HDMI D-type ( Micro HDMI Connector )
- Handle video signals up to 1080p, providing state of the art HD resolution
- Available in DIP+SMT and Full DIP version
